

CALL FOR PAPERS

Conference on Finance, Labor and Inequality

Capri, 21-22 June 2019

The Centre for Studies in Economics and Finance (CSEF) and the *Review of Corporate Finance Studies* (RCFS) invite paper submissions on the interaction of financial and labor markets, as well as the impact of finance on inequality. Possible issues include:

- role of employees in the governance and financing of companies,
- response of wages, employment and career trajectories to financial shocks,
- risk sharing arrangements between firms and workers,
- financial development, employment and income distribution,
- effects of finance on inequality and social mobility,
- effects of financial regulations on human capital investment and job reallocation.

The conference aims to bring together researchers from financial and labor economics to discuss issues from the point of view of both disciplines. Submissions are open to members of the scientific committee. Each paper will be assigned to a discussant. Participants are expected to stay for the entire duration of the conference, which will be held at the “Mario Cacace” Multimedia Center, Via Giuseppe Orlandi 10, Anacapri (Capri), Italy. The symposium begins with a dinner on Thursday evening, June 20, and end with lunch on Saturday June 22, 2019.

Travel expenses (economy class) will be refunded up to €400 for Europe-based participants and up to €1,100 for participants based elsewhere. Accommodation will be paid for the nights of 20, 21 and 22 June. A €750 prize will be awarded to the author(s) of the best paper presented at the conference and to the best discussant.

PAPER SUBMISSION: Authors are invited to electronically submit papers in PDF format (including abstract, authors’ affiliations and contact information) to Ms. Stefania Maddaluno at csef@unina.it by April 10, 2019.

DUAL SUBMISSION OPTION: In the submission, authors should indicate if they wish their paper to be considered (at no extra fee) for publication by RCFS under the Dual Submission Program. This is a “no-fault” submission option: if the RCFS reviews the paper and rejects it, the authors may submit it to any SFS journal at a later date as if it was never submitted. See <http://sfs.org/dualsubmissionpolicy/> for details.
