

## 10<sup>th</sup> MoFiR Workshop on Banking

21-22 June, 2021

*Virtual Edition*

### Call for Papers

After nine successful workshops in Ancona (2012, 2013, 2014, 2018), Kobe (2015), Chicago (2016, 2019), London (2017) and Lisbon (virtual 2020), the Money and Finance Research Group (MoFiR) is pleased to announce the next workshop will be held virtually (via Zoom) on 21-22 June, 2021.

The organising committee of this small informal workshop invites submissions of high-quality theoretical and empirical research on financial intermediation. Scholars in the fields of banking and finance will meet to discuss current issues in banking, financial stability, bank regulation, financial innovation, financial inclusion, and consumer credit. The workshop will provide an opportunity for presentations and discussions about policy-relevant research in an informal and highly interactive environment.

**SUBMISSION DEADLINE:** To submit a paper (full papers accepted only), please visit the call for papers webpage <https://portal.cepr.org/10th-mofir-workshop-banking>. The deadline for submission is **6pm (GMT), Sunday 21 March 2021**. If you do not currently have a CEPR account, please create a new profile here <https://portal.cepr.org/user/register> and then click on the registration link above. If you have any difficulties registering for this meeting, please contact Mandy Chan, Senior Events Officer at [mchan@cepr.org](mailto:mchan@cepr.org) for assistance (with subject header "10th MoFiR Workshop on Banking").

**DUAL SUBMISSION OPTION:** In the submission, authors should indicate if they wish their paper to be considered (at no extra fee) for publication by RCFS under the Dual Submission Program. This is a "no-fault" submission option: if the RCFS reviews the paper and rejects it, the authors may submit it to any SFS journal at a later date as if it was never submitted. See <http://sfs.org/dualsubmissionpolicy/> for details.

Papers will be selected by the program committee and corresponding authors will be notified of acceptance by 8 May, 2021. Given capacity constraints and to promote an active discussion, preference will be given to authors who can attend the whole workshop.

#### Organising Committee:

Isha Agarwal (University of British Columbia Sauder)  
Andrea F. Presbitero (Johns Hopkins University, CEPR and MoFiR)  
André F. Silva (Federal Reserve Board)  
Alberto Zazzaro (University of Naples Federico II, CSEF and MoFiR)
