

## **Call For Papers**

### **2023 RCFS Winter Conference**

*Dates:* Feb 18-19, 2023 (Presidents' Day weekend)

*Location:* Royal Sonesta, San Juan, Puerto Rico

The Society for Financial Studies is hosting the sixth annual *Review of Corporate Finance Studies* Winter Conference on February 18 and 19, 2023. This will be a high-quality conference with a limited number of papers on corporate finance, financial intermediation, and household finance topics. Our aim is to bring together a select group of top-quality researchers to present and discuss cutting-edge papers in the field. We welcome submissions in all areas of corporate finance, financial intermediation, and household finance.

The sessions will be arranged by the RCFS Editors (Andrew Ellul, Isil Erel, Camelia Kuhnen, and Robert Marquez) and Associate Editors. We welcome both empirical and theoretical papers in corporate finance, financial intermediation and household finance.

Royal Sonesta San Juan is a family-friendly, luxurious oceanfront resort on the Isla Verde, in San Juan, Puerto Rico with excellent beaches and many leisure-time activities. It is located very close to the Luis Munoz Marin International Airport (about a 10-minute drive). Old San Juan is just 6 miles away from the resort. Please see the resort site for more details: <https://www.sonesta.com/royal-sonesta/pr/carolina/royal-sonesta-san-juan>.

#### Special Session on “Corporate Market Power: Drivers and Financial Consequences”

We plan to have a special session at the conference on the theme “Corporate Market Power: Drivers and Financial Consequences.” At this stage, we are calling for Registered Reports on subjects related to this specific theme as it can be applied in the areas of corporate finance, household finance, and financial intermediation. Possible topics include the effects of corporate market power on consumers, labor, financial, and product markets; interactions between fintech and corporate market power; disruptive effects of new firm entry; role of corporate lobbying and political donations in the rise of market concentration; and effects of antitrust legislation and enforcement on firm actions.

Please see our Call for Registered Reports (<http://sfsrcfs.org/rcfs-winter-conference-2023/>) for more details. Examples of Registered Reports which were successful in 2022, and subsequently entered in the formal review process, can be found here: <http://sfsrcfs.org/registered-reports-repository/>. After the conference, a small set of selected proposals will be granted in-principle acceptance for publication in the RCFS after a formal review process.

#### **SUBMISSION DEADLINES:**

Please note there are different deadlines for regular papers and for Registered Reports.

Regular papers: **November 10, 2022**

Registered Reports on “Corporate Market Power: Drivers and Financial Consequences”: **November 30, 2022**

#### **HOW TO SUBMIT**

Please submit your paper or Registered Report <https://www.conftool.com/rcfs-winterconference-2023/>. A submitted paper must not have been accepted (or conditionally accepted) at a journal. The submission fee is US \$50 per submission.

**DUAL SUBMISSION:** For regular papers, the RCFS Winter Conference features dual submission to *The Review of Corporate Finance Studies*. Authors should indicate if they wish their paper to be considered (at no extra fee) for publication by RCFS under the Dual Submission Program. This is a “no-fault” submission option: if the RCFS reviews the paper and rejects it, the authors may submit it to any SFS journal at a later date as if it was never submitted. See <http://sfs.org/dualsubmissionpolicy/> for details.
